

# CERTIFICATION COURSE TRAINING

## DESCRIPTION

The Bureau's Career Technical Education (CTE) program falls under three broad categories: 1) Apprenticeship Training, 2) Certification Course Training, and 3) Vocational Training.

**Certification Course Training:** Training programs that lead to obtaining an industry recognized certification.

Generally, these programs require individuals to have completed the high school equivalency, but concurrent enrollment is sometimes possible. Each individual program is designed to enhance post-release employment opportunities by providing those individuals with the ability to obtain marketable, in-demand employment skills. Most programs follow a competency-based curriculum, which teaches specific job skills and leads to a recognized credential, or certificate.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.
