

### DESCRIPTION

The mission of Federal Prison Industries, Inc. (FPI) is to protect society and reduce crime by preparing individuals for successful reentry through job training. FPI (also known by its trade name UNICOR) is a critical component of the Bureau’s comprehensive efforts to improve reentry needs. By providing individuals the skills needed to join the workforce upon release, FPI reduces recidivism and helps curb the rising costs of corrections.

FPI is, first and foremost, a correctional program. Its impetus is helping individuals acquire the skills necessary to successfully make the transition from prison to law-abiding, tax paying, productive members of society. The production of items and provision of services are necessary by-products of those efforts, as FPI does not receive any appropriated funds for operation. FPI is required by statute to diversify its product offerings as much as possible in order to minimize the program’s impact on any one industry. FPI currently produces over 80 types of products and services and has 6 business groups: Clothing and Textiles; Electronics; Fleet; Office Furniture; Recycling; and Services.

Workers are ordinarily hired through waiting lists. A renewed emphasis has been placed on the use of job sharing and half-time workers. This allows for an increase in the number of individuals who benefit from participating in the FPI program. FPI has placed emphasis on prioritizing those on the waiting list within three years of release for available FPI positions, with the aim of hiring individuals at least 6 months prior to release. FPI has also placed an emphasis on prioritizing those on the waiting list who are military veterans, as well as those with financial responsibilities.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.
