

### DESCRIPTION

Hooked on Phonics is a proven, expert-designed early language-readiness Reading program that is beneficial for adult Bureau offenders who have not yet developed English language reading capacity. It is an intervention-based set of educational materials used to assist early readers. Although it was initially designed for grades K-2, it can be used with some adults who have lower intelligence levels or who are ELL/ESL students whose command of the English language is below the 2<sup>nd</sup> grade level. Hooked on Phonics utilizes systematic phonics instruction through scaffolding of simple sentences and paragraphs to teach letter-sound correlations for reading purposes.

NOTE: Hooked on Phonics is not the Bureau-designated EBRR program for dyslexia; rather, The Barton Reading and Spelling System is to be implemented for students who have been identified with characteristics of the condition of dyslexia.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.
