

RESIDENTIAL DRUG ABUSE TREATMENT PROGRAM

DESCRIPTION

The Residential Drug Abuse Treatment Program (RDAP) is operated as a modified therapeutic community (MTC); the community is the catalyst for change and focuses on the individual as a whole person with overall lifestyle change needs, not simply abstinence from drug use. RDAP encourages participants to examine their personal behavior to help them become more pro-social and to engage in "right living"—considered to be based on honesty, responsibility, hard work, and willingness to learn.

RDAP emphasizes social learning and mutual self-help. This aid to others is seen as an integral part of self-change. As program participants progress through the phases of the program, they assume greater personal and social responsibilities in the community. It is expected that program participants take on leadership and mentoring roles within the MTC as they progress in their program. Progress in treatment is based on the individual's ability to demonstrate comprehension and internalization of treatment concepts by taking behaviorally observable action to change his or her maladaptive and unhealthy behaviors. It is important to note that successful completion of the Bureau's RDAP requires completion of all three components of the program:

- Unit based treatment, described above, occurs in a BOP institution.
- Follow-up treatment continues for those who complete the unit-based component of RDAP. The individual must remain in Follow-Up Treatment for 12 months or until he/she is transferred to a Residential Reentry Center or home confinement.
- Community treatment is provided while the individual is residing at a Residential Reentry Center (RRC), home confinement, or Federal Monitoring Program (FLM) through Community Treatment Services.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

LOCATIONS

Please refer to page 75 for institutions.

NEEDS

Antisocial Peers, Cognitions, Substance Use, and Mental Health (Dual Diagnosis and FIT Programs)

PROGRAM DELIVERY

To ensure program fidelity and proper credit, the **Residential Drug Abuse Treatment Program** must be delivered by Psychology Services.
