A minimum security federal prison camp.

-

Glen Ray Road Box A Alderson, WV 24910

# **ALDERSON SUMMARY PAGE**

#### FEMALE OFFENDERS

The Greenbrier Birthing Center MINT Program is overseen by the Baltimore Residential Reentry Office. For more information on referrals, please contact (304) 653-4882 Monday to Friday from 8:00 a.m. to 4:00 p.m.

The MINT program is a residential reentry center-based program that promotes bonding and parenting skills for lowrisk female offenders who are pregnant. Women are eligible to enter the program if they are in their last three months of pregnancy, have less than five years remaining to serve on their sentence, and are eligible for furlough. The decision to refer an offender to the MINT program is at the discretion of the offender's unit team if incarcerated, or probation officer if on supervision.

#### Productive Activities (PA) Evidence-Based Recidivism Reduction (EBRR)

Due to the staffing shortages we have all read about, it may be that while a program has been published as available, do not be surprised if there is either a long waiting list to get into that program, or as I have recently learned, that program was just "Closed." Be respectful to your Case Managers as they already know you're upset. When you speak with them, depending on the number of months that you have, it is possible that they will work with you, to move to to a facility that has an opening for your specific program - needs.

#### FEDERAL MEDICAL CARE LEVELS

CARE LEVEL I (Minimal Care), CARE LEVEL II (Routine Care), CARE LEVEL III (Out Patient), CARE LEVEL IV (Hospital)

# **APPRENTICESHIP TRAINING**

DESCRIPTION

The Bureau's Career Technical Education (CTE) program falls under 3 broad categories: 1) Apprenticeship Training, 2) Certification Course Training, and 3) Vocational Training.

**Apprenticeship Training:** Apprenticeship training prepares the student for employment in various trades through structured programs underneath a journeyman in that trade, approved at the state and national levels by the Office of Apprenticeship, Employment and Training Administration, U.S. Department of Labor.

The Department of Labor requires individuals to have completed the high school equivalency. Each individual program is designed to enhance post-release employment opportunities by providing individuals with the ability to obtain marketable, in-demand employment skills. Programs follow standardized work processes with related trade instruction, which teaches specific job skills and leads to a Department of Labor apprenticeship certificate.

A large variety of standardized Department of Labor apprenticeships are offered throughout the Bureau and are highly encouraged; individuals may participate in 2,000 to 8,000-hour programs, which are supervised by local journeymen.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### LOCATIONS

Available at all BOP institutions except those exempt by policy.

#### NEEDS

Work

#### **PROGAM DELIVERY**

To ensure program fidelity and proper credit, **Apprenticeship Training** must be delivered by a qualified journeyman in the specific trade. Related trades instruction must be delivered by Education.

#### DESCRIPTION

This program for incarcerated women promotes interpersonal effectiveness and targets behavior that can lead women to feel helpless about their lives. The majority of female offenders are survivors of abuse and struggle with low self-esteem. In this program, women learn to be assertive while respecting the boundaries of others. Through homework assignments and roleplay, women practice skills learned throughout the program.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### **LOCATIONS**

Available at all BOP institutions with designated females.

#### NEEDS

Cognitions and Family/Parenting

#### **PROGRAM DELIVERY**

To ensure program fidelity and proper credit, **Assert Yourself for Female Offenders** must be delivered by a Social Worker, Special Population Program Coordinator, or Unit Team.

#### DESCRIPTION

Cognitive Behavioral Therapy (CBT) for Chronic Pain is a program that utilizes a structured approach beginning with an interview and assessment session. Through the 10 skills-based therapy sessions, individuals will begin to develop the skills necessary to gain a sense of control over their chronic pain. Using a therapeutic relationship CBT for Chronic Pain encourages individuals to adopt an active, problem-solving approach to cope with challenges associated with chronic pain. Exercise, pacing, and relaxation techniques are incorporated into this program. Additionally, individuals will also learn to reduce the negative impact of pain on daily life, improve physical and emotional functioning, and increase effective coping skills.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### NEEDS

Mental Health

#### **PROGRAM DELIVERY**

To ensure program fidelity and proper credit, **CBT for Late-Life Depression** must be delivered by a Social Worker.

#### DESCRIPTION

Foundation is a program designed to assist women in assessing and advocating for their individual needs and translating the results of that assessment into the selection of programs and plans to meet their reentry goals. The Foundation program was designed to help newly incarcerated women chart a healthy path for themselves during their time of incarceration. Throughout the program, participants learn about a number of issues facing women. They have the opportunity to identify positive changes that will lead to a successful reentry, and consider programs and services within the facility that can help them make these changes.

The Change Plan, a Productive Activity, is a follow up to the Foundation program that focuses on the goals established in Foundation.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### LOCATIONS

Available at all BOP institutions with designated females.

#### NEEDS

Cognitions, Education, Mental Health, and Work

#### **PROGRAM DELIVERY**

To ensure program fidelity and proper credit, **Foundation** must be delivered by a Special Populations Program Coordinator or Social Worker. At facilities housing pretrial women the Reentry Affairs Coordinator can also deliver the Foundation program.

# FUNCTIONAL ADAPTATION SKILLS TRAINING (FAST)

#### DESCRIPTION

Functional Adaptation Skills Training (FAST) is a psychosocial intervention based on Social Cognitive Theory and the Social and Independent Living Skills Program for aging adults. FAST aims to improve independence and quality of life by targeting six areas of everyday functioning, which include: medication management, social and communication skills, organization and planning, transportation, and financial management. FAST utilizes a group setting with discussions around applying exercises to real world settings, in-session practice, and homework assignments. Programa de Entrenamiento para el Desarrollo de Aptitudes para Latinos (PEDAL) is the Spanish version of the program.

Employees should consult with program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

| LOCATIONS       |                  |                 |                     |  |  |

#### DESCRIPTION

The Life Connections Program (LCP) is a faith-based reentry program designed to address religious beliefs and value systems. Participants are connected with a community mentor at the institution and with a faith-based or community organization at their release destination. The LCP is a residential program aimed at strengthening participants' understanding of what it means to live and work effectively in the community. The LCP is open to those of all faiths and whom have no religious background. Participants approach the program from their own faith teachings or values-based background. The program uses standardized curricula including interactive journaling in a therapeutic group setting. It seeks to engage participants in community service projects, victim impact, mentoring, healthy living skill development, and release preparation.

The LCP uses agency chaplains and mentor coordinators as well as contracted spiritual guides, community mentors, and volunteers to work in small groups and one-on-one with program participants. This gives participants the opportunity to learn from others. Upon release, the LCP connects them with continued community mentoring and faith group support for these returning citizens.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

# RESIDENTIAL DRUG ABUSE TREATMENT PROGRAM

#### DESCRIPTION

The Residential Drug Abuse Treatment Program (RDAP) is operated as a modified therapeutic community (MTC); the community is the catalyst for change and focuses on the individual as a whole person with overall lifestyle change needs, not simply abstinence from drug use. RDAP encourages participants to examine their personal behavior to help them become more pro-social and to engage in "right living"— considered to be based on honesty, responsibility, hard work, and willingness to learn.

RDAP emphasizes social learning and mutual self-help. This aid to others is seen as an integral part of self-change. As program participants progress through the phases of the program, they assume greater personal and social responsibilities in the community. It is expected that program participants take on leadership and mentoring roles within the MTC as they progress in their program. Progress in treatment is based on the individual's ability to demonstrate comprehension and internalization of treatment concepts by taking behaviorally observable action to change his or her maladaptive and unhealthy behaviors. It is important to note that successful completion of the Bureau's RDAP requires completion of all three components of the program:

- Unit based treatment, described above, occurs in a BOP institution.
- Follow-up treatment continues for those who complete the unit-based component of RDAP. The individual must remain in Follow-Up Treatment for 12 months or until he/she is transferred to a Residential Reentry Center or home confinement.
- Community treatment is provided while the individual is residing at a Residential Reentry Center (RRC), home confinement, or Federal Monitoring Program (FLM) through Community Treatment Services.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### NEEDS

Antisocial Peers, Cognitions, Substance Use, and Mental Health (Dual Diagnosis and FIT Programs)

#### **PROGRAM DELIVERY**

To ensure program fidelity and proper credit, the **Residential Drug Abuse Treatment Program** must be delivered by Psychology Services.

# **RESOLVE PROGRAM**

#### DESCRIPTION

The Resolve Program is a cognitive behavioral therapy program designed to address the trauma-related mental health needs of individuals. Specifically, the program seeks to decrease the incidence of trauma-related psychological disorders and improve level of functioning. In addition, the program aims to increase the effectiveness of other treatments, such as drug treatment and healthcare. The program uses a standardized treatment protocol consisting of three components: 1) initial educational workshop (Trauma in Life/Traumatic Stress & Resilience); 2) a skills-based treatment group (Seeking Safety) and; 3) Dialectical Behavioral Therapy (DBT), Cognitive Processing Therapy (CPT), and/or a Skills Maintenance Group.

The purposes of the program include the following:

- Improving the individual's functioning by decreasing mental health symptoms that result from trauma;
- Increasing the effectiveness of other treatment programs available to the individual;
- Reducing misconduct that results from mental health and trauma related difficulties; and
- Reducing recidivism.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### DESCRIPTION

WaySafe is a planning and decision-making intervention targeting adults in custody with substance use disorders in the last phase of treatment or approaching release. It helps participants make better decisions around health risk behaviors during transition to the community. The goal of this program is to improve decision-making skills so participants can avoid at-risk behaviors regarding HIV and other viral illness spread by sex or blood contact. The facilitator utilizes psychoeducational and process-oriented interventions over six weekly sessions.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

# WOMEN'S BASIC FINANCIAL

### LITERACY PROGRAM

#### DESCRIPTION

The Women's Basic Financial Literacy Program teaches women strategies to assist in preparing them to meet their financial reentry goal. This program targets the financial deficits incarcerated women face including: avoiding financial pitfalls, using a checking account, methods for beginning to save for the future, understanding the use of credit and loans, creating a budget, accessing financial resources, understanding the purpose and use of insurance, and gaining financial independence.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### LOCATIONS

Available at all BOP institutions with designated females.

#### NEEDS

Finance/Poverty

#### PROGRAM DELIVERY

To ensure program fidelity and proper credit, the **Women's Basic Financial Literacy Program** must be delivered by the Special Populations Coordinator, Education, Business Office or qualified volunteer.

# **WOMEN'S CAREER**

# **EXPLORATION SERIES**

#### DESCRIPTION

The Women's Career Exploration Series is a 3-part gender-responsive and trauma informed care series, grounded in the evidenced based practices of: Cognitive Behavioral Therapy; Motivational Interviewing; the Transtheoretical Model of Behavior Change; and Interactive Journaling. It teaches strategies to help women succeed in the workplace and offers insights to assist women to overcome employment barriers and move forward toward success in a long-term career. Components include: career path exploration, steps for success in the work place, identifying career paths that align with individual interests, building a professional network, applying for and gaining a job which leads to a career, establishing good work habits, and learning skills for thriving in the work place.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

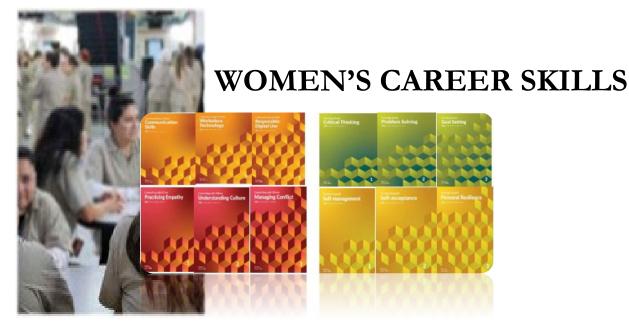

#### LOCATIONS

Available at all BOP institutions with designated females.

NEEDS Work

#### **PROGRAM DELIVERY**

To ensure program fidelity and proper credit, **Women's Career Exploration Series** must be delivered by the Special Populations Coordinator, Education, or qualified volunteer.

#### DESCRIPTION

Women's Career Skills is designed to assist participants learn, develop and practice advanced skills for a fruitful career. This includes managing their daily habits, preparing for vocational training enrollment and planning for reentry job and career acquisition. This program includes four modules:

Communicating at Work

- 1. Communication Skills
- 2. Workplace Technology
- 3. Responsible Digital Use

#### Planning Ahead

- 1. Critical Thinking
- 2. Problem Solving
- 3. Goal Setting

Connecting with Others

- 1. Practicing Empathy
- 2. Understanding Culture
- 3. Managing Conflict

#### Personal Growth

- 1. Self-management
- 2. Self-acceptance
- 3. Personal Resilience

Each journal builds on the previous information for the next module in the series. This curriculum includes Interactive Journals, Facilitator Guides and Companion DVDs.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### LOCATIONS

Available at all BOP institutions with designated females.

#### NEEDS

Finance/Poverty and Work

#### **PROGRAM DELIVERY**

To ensure program fidelity and proper credit, **Women's Career Skills** must be delivered by a Special Populations Coordinator, qualified volunteer, or contractor.

# WOMEN'S LIFE SKILLS

#### DESCRIPTION

Women's Life Skills is designed to assist participants with life skill deficits to develop and practice skills for success in their basic daily habits and routines. This program addresses vocational preparation skill needs and planning for reentry. The program includes nine journals in three modules. The program includes nine journals in three modules:

Taking Care of Myself

- 1. Health and Hygiene
- Nutrition and Physical
- Activity
- 3. Cleaning and Organizing
- Living in My Community
- 1. Planning for My Home
- 2. Caring for My Family
- 3. Organizing My Life

Preparing for Work

- 1. Exploring My Interests
- 2. Developing My Skills
- 3. Finding Meaningful Work

This curriculum includes interactive journals, facilitator guides and companion DVDs. Completion of the series is awarded upon completion of all three modules.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### LOCATIONS

Available at all BOP institutions with designated females.

#### NEEDS

Finance/Poverty, Recreation/Leisure/Fitness, and Work

#### **PROGRAM DELIVERY**

To ensure program fidelity and proper credit, **Women's Life Skills** must be delivered by a Special Populations Coordinator, qualified volunteers, or contractors.

# WOMEN'S SEXUAL SAFETY

#### DESCRIPTION

In Women's Sexual Safety, participants explore topics related to sexual safety, relationships, and wellbeing. The program includes three components: Sexual Health, Sexual Safety, and Healthy Sexual Relationships. Sexual health is a key part of overall well-being. In journal one of the program, Sexual Health, participants explore five areas of sexual health: knowledge, values, beliefs, expressions, and healthcare. In journal two, Sexual Safety, participants learn about giving consent, setting boundaries, recognizing harmful sexual behavior, and taking steps to protect their right to sexual safety. Healthy Sexual Relationships is the third journal in the Women's Sexual Safety Program. In this journal, participants consider what kinds of future relationships may be healthy, satisfying, and meaningful for them.

Each journal builds on the previous component.

Employees should consult the program material for length and duration of the class. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

#### **LOCATIONS**

Available at all BOP institutions with designated females.

NEEDS

Cognitions and Trauma

#### **PROGRAM DELIVERY**

To ensure program fidelity and proper credit, **Women's Sexual Safety** must be delivered by a Special Populations Coordinator, qualified volunteer, or contractor.

### STRUCTURED, CURRICULUM-BASED PRODUCTIVE ACTIVITIES

Productive Activities (PA) are group or individual activites that allow an incarcerated individual to remain productive and thereby maintain or work toward achieving a minimum or low risk of recidivating. PAs include a variety of groups, programs, classes and individual activities which can be either structured or unstructured. This guide only provides information about structured, curriculum-based PAs.

To ensure program fidelity and proper credit, program delivery includes a list of qualified employees/disciplines, contractors or volunteers who can deliver the PAs listed. Those not listed are not recommended.

Employees should consult with program material for length and duration of the class activity. Program materials and updated SENTRY codes are located under the FSA Programs link on the Reentry Services Division Sallyport page.

| Create New Beginnings (CNB)<br>Create New Beginnings (CNB) is a value-<br>based art program that empowers<br>incarcerated women to acknowledge and<br>process their emotions as well as develop<br>their self-awareness through artistic<br>expression. Studies show that creativity<br>promotes positive behavior, self-confidence,<br>and increases the likelihood of pursuing<br>further education, particularly within<br>incarcerated populations. By creating a safe<br>place for the women to share and the<br>utilization of music and art activities to<br>process painful emotions, CNB creates a<br>peaceful, safe atmosphere for ongoing<br>healing. CNB helps women in custody be<br>open to change, develop empathy for self<br>and others, and strengthen their resiliency<br>skills. | All female sites | Trauma                                | Certified Volunteer<br>with Prison Fellowship   |

| Sexual Self-Regulation (SSR)   | All institutions | Cognitions                  | Psychology   |
| The SSR treatment protocol is designed to<br>teach the practice of self-management skills<br>to gain effective control over sexually<br>deviant behaviors and sexual prooccupation.<br>To accomplish this task, participants are<br>required to understand deviant sexual<br>fantasies or urges and the factors that<br>exacerbate or escalate sexual arousal. With<br>this understanding, participants construct a<br>plan to manage recurrent deviant arousal.<br>The protocol can be used within a Sex<br>Offender Treatment Program or as a stand-<br>alone group. Prior to starting SSR,<br>participants should complete Basic<br>Cognitive Skills (BCS), which teaches the<br>basics of Rational Emotive Behavioral<br>Therapy (REBT) and Rational Self Checks<br>(RSC.)<br>Provision of sex offender treatment services<br>requires specialized knowledge and<br>competencies. Non-Sex Offender<br>Management Program (SOMP) institutions<br>proposing to implement SSR require<br>approval from the Sex Offender Program<br>employees in the Central Office Psychology<br>Services Branch. If you are interested in<br>offering this group at your institution,<br>please contact the National Sex Offender<br>Treatment Program Coordinator. We may<br>be able to assist you in obtaining the<br>requisite training. Clinicians approved to<br>provide SSR will receive an approval email,<br>which should be retained for verification<br>purposes. Psychology employees lacking<br>approval should not implement SSR at their<br>institution. |                  |                             | (Provider must consult<br>and receive written<br>approval by PSB prior<br>to delivery of services) |

# **APPENDIX A**

Federal Bureau of Prisons Occupational Training Directory

# **OCCUPATIONAL EDUCATION PROGRAMS**

| PROGRAM<br>Description   | The Occupational Education Program is designed to help inmates acquire marketable skills in a wide variety of trades. Programs which vary from institution to institution are provided by either career civil-service vocational training instructors or through contracts with colleges and technical schools. Many institutions also provide registered apprenticeships through the United States Department of Labor's Office of Apprenticeship.   |
|--------------------------|---|
|                          | An Inmate Occupational Training Directory, outlining the specifics for programs offered at each institution was published in September 2013. The Directory is accessible via:   |
|                          | http://www.bop.gov/inmates/custody_and_care/docs/inmate_occupational_training_directory.pdf   |
| TIME FRAME               | Program length varies with the provider and the complexity of the program. Upon completion of a marketable occupational education program, inmates may earn an AA, AS, AAS degree and/or an industry recognized certification. Apprenticeship programs are usually 2,000+ hours and may take three to four years to complete.   |
| ADMISSION<br>Criteria    | All inmates are eligible to participate in an institution's occupational education program. The inmate's unit team, in consultation with the Education Department, determines if a particular course of study is suited to the inmate's needs. Inmates with a demonstrated need for occupational training may have their enrollments deferred until the latter part of their sentence, to ensure their training is current upon release. Occupational education programs typically require an inmate to have a GED or high school diploma or concurrent enrollment in the Literacy Program.   |
|                          | Inmates under orders of deportation, exclusion, or removal may participate in an institution's occupational education program if institution resources permit after meeting the needs of other eligible inmates.  |
| PROGRAM<br>Content       | Program content focuses on developing the skills necessary for entry-level employment in a given trade.   |
| EMPIRICAL<br>Support     | Evidence shows a relationship between correctional education program participation before release<br>and lower odds of recidivating after release (Davis et al., 2014; Saylor and Gaes, 1996; Aos, Phipps,<br>Barnoski and Lieb, 2001). In a study conducted in Maryland, Minnesota and Ohio, correctional education<br>participants had lower recidivism rates in the categories of re-arrest, re-conviction, and re-incarceration<br>(Steurer, Smith and Tracy, 2001). There is some evidence that in-prison vocational education is effective in<br>improving individuals' likelihood of post-release employment (Davis et al., 2014). |
| APPLICABLE<br>Policies   | 5353.01 Occupational Education Programs.<br>5300.21 Education, Training and Leisure Time Program Standards.   |
| INSTITUTION<br>Locations | All Bureau facilities are mandated to offer Occupational Training with the following exceptions: metropolitan correctional centers, metropolitan/federal detention centers, the Federal Transportation Center, satellite camps, and the administrative maximum facility.  |
