## MALE & FEMALE OFFENDERS

The Greenbrier Birthing Center MINT Program is overseen by the Baltimore Residential Reentry Office. For more information on referrals, please contact (304) 653-4882 Monday to Friday from 8:00 a.m. to 4:00 p.m.

The MINT program is a residential reentry center-based program that promotes bonding and parenting skills for low-risk female offenders who are pregnant. Women are eligible to enter the program if they are in their last three months of pregnancy, have less than five years remaining to serve on their sentence, and are eligible for furlough. The decision to refer an offender to the MINT program is at the discretion of the offender's unit team if incarcerated, or probation officer if on supervision.
