Evidence-Based Recidivism Reduction (EBRR) Programs

* **Bureau Rehabilitation and Values Enhancement (BRAVE) Program** – a cognitive-behavioral, residential treatment program for young males serving 1st sentence, to create a smoother adjustment to prison.

* **Challenge Program** – a program for male inmates in Penitentiary (High Security) facilities. Treats those with substance abuse and/or mental illness disorders (psychotic, mood, anxiety, or personality).

M **Federal Prison Industries Program (UNICOR)** is designed to protect society and reduce crime by preparing inmates for successful reentry through job training.

Life Connections Program – a residential faith-based program, not religion specific.

* **Mental Health Step Down Program** – a program for inmates who do not require inpatient treatment but lack the skills to function in a general population prison setting.

Post-Secondary Education College level classes are provided by credentialed instructors from the community who deliver coursework leading to either the Associates or bachelor's degree.

M, mS * **Residential Drug Abuse Program (RDAP)** – an intensive treatment program where offenders experience living in a pro-social community.

M **Resolve Program** – a program for those with a mental health diagnosis related to trauma.

Sex Offender Treatment Program: Nonresidential, (SOTP-NR) – a program for low- to moderate-risk first-time sex offenders with a single history of an Internet sex crime. The BOP Sexual Offender Treatment and Management Program

* **Sex Offender Treatment Program: Residential (SOTP-R)** – a program for high-risk sex offenders with a history of multiple sex crimes. The BOP Sexual Offender Treatment and Management Program [[Butner - Sexual Dangerous Persons](#)]

* **Skills Program** – a program for inmates with intellectual disabilities, neurological deficits, and social deficiencies (i.e., Autistic).

* **Steps Toward Emotional Growth and Awareness (STAGES) Program** – a program for those with a serious mental illness and/or a borderline personality disorder.

Assert Yourself for Female Offenders In this program, women learn to be assertive while respecting the boundaries of others.

* **Female Integrated Treatment (FIT)* Foundation** For female inmates with substance use, trauma (PTSD), and other mental illnesses.

Foundation Program was designed to help women chart a healthy path for themselves during their time incarcerated
