Evidence-Based Recidivism Reduction (EBRR)

Due to the staffing shortages we have all read about, it may be that while a program has been published as available, do not be surprised if there is either a long waiting list to get into that program, or as I have recently learned, that program was just "Closed." Be respectful to your Case Managers as they already know you're upset. When you speak with them, depending on the number of months that you have, it is possible that they will work with you, to move to to a facility that has an opening for your specific program - needs.
